# MERCHANTS' WHOLESALE SEED TRADE PRICES

10th MARCH  
1917

**THESE PRICES CANCEL ALL FORMER PRICES.**

Seeds are growing scarcer every day, and many will be entirely sold out before the planting season.

For example, Turnip Seeds for summer shipment will be sold at Wholesale at over double price, and then there will not be half enough to go round.

## MERCHANTS

Are asked to **MAIL** their Orders to the **D. LANDRETH SEED COMPANY**, and are assured all orders received by mail will be given our best attention. Why not? As it is through the Orders our customers send us and through the confidence extended to us that the Landreth Seed Business flourishes and has acquired an enviable reputation.

## TERMS OF SALE

**60 DAYS FROM DATE OF SHIPMENT, OR 2 PER CENT. OFF IF PAID IN 10 DAYS, EXCEPT NET CASH GOODS, SUCH AS ALL FARM SEEDS, RAPE, SUNFLOWER, AND ON BIRD SEEDS, ONION SETS, POTATOES, AND LAWN GRASS. ALL GOODS F. O. B. BRISTOL, PENNA. CARRIERS, SUCH AS BAGS, BOXES, CRATES AND BARRELS, AT COST.**

 Interest will be charged for accounts overdue. Please notice.

All orders are taken subject to confirmation by D. Landreth Seed Company.

**OUR SALES** of Seeds are **OUTRIGHT**, and purchasers are asked to observe that we will not agree to the **RETURN OF UNSOLD STOCK**, whole or in part. If goods are shipped according to instructions and according to route and date indicated, our responsibility ceases. All errors on our part, to receive attention, must be reported within **TEN DAYS** after receipt of Seeds.

 All orders placed with us in advance of the harvest are **ALWAYS SUBJECT TO CROP RETURNS**, as no grower can be legally bound to furnish Seeds which the conditions of nature do not perfect. From new customers cash with order or satisfactory references.

Peas, Beans and Corn are all sold by the unit of 100 pounds. The prices for small Seeds **UNDER** ten pounds will not apply to quantities **LESS** than one pound. A slight advance will be made for fractions. The prices **OVER** ten pounds will not apply to less quantities.

No written quotation is good for longer than the time specified, and when no time is mentioned the quotation is good only for acceptance by **RETURN MAIL**.

In cases where Seed Orders are mailed by Merchants in response to our quotations by letter, we ask our customers in their letter to us to give the date of our letter to them making such quotation, else there is no guarantee of the prices quoted being given and the Seeds will be billed at current prices which may be higher.

**SEEDS WILL NOT BE TAKEN BACK** under any circumstances, and if shipped us will be **REFUSED** as **NO CREDIT** will be allowed, nor will any rebates be allowed for barrels, bags, boxes, crates or other carriers. This must be distinctly understood as prices are fixed on this basis.

## Wire your Orders—Supplemental Orders Especially

We will pay the **telephone** charges on all near-by seed purchases, and **night letter telegram** charges from anyone, however distant, provided the order amounts to over \$10 for fine seeds and over two hundred pounds of Peas, Beans or Sugar Corn. Our telephone numbers are 36 or 37 Bristol, Penna.

We depend upon the judgment of the buyer not to use either telephone or telegram if there remains time to send the order by mail under a two-cent postage stamp.

The D. Landreth Seed Company give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned. All business communications to insure prompt attention must be made to the Company.

IF YOU DO NOT SELL *or*  
IF YOU DO NOT KNOW

## LANDRETHS' SEEDS

you have lost an opportunity to become acquainted with a good commercial article, the quality being gilt-edged A No. 1 and recognized accordingly.

### LANDRETHS' SEEDS

*are acknowledged*

*by Merchants Selling Seeds*

*by Market Gardeners*

*by Professional Gardeners*

*by Private Household Gardeners*

to be a grade of Seeds not exceeded in quality by any seed establishment at home or abroad.

The Landreths cannot afford to handle anything questionable, and when you buy from Landreths you almost buy an insurance policy.

The Landreths have had 133 years of unbroken Seed-growing record, which they would not possess had they not given the best of stocks at fair prices.

If you buy from Landreths once, you will buy from them always. We have as our customers over twenty firms on our books who have been Seed purchasers from Landreths from great-grandfather to great-grandson for considerably over 100 years. This in itself is an unparalleled record in the Seed business.

Send us your orders for delivery next spring of 1917, or before buying for the following year, 1918, write us for prices and send us in a list of what you want and we will quote upon it.

The D. Landreth Seed Company give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned. All business communications to insure prompt attention must be made to the Company.

# Landreths' Seeds UNDER SEAL

**L**ANDRETHS' SEEDS were the first Seeds sold in sealed packages, as in 1839 Landreth inaugurated the pasting down or sealing of flap packets, which before that date, and yet by some, had always been sold in folded packets, and since that date a portion of all Landreths' Seeds have been sold in various forms of sealed packages. Besides, they make a fine display and are quickly handled.

Landreths' Seeds are sold as follows :

1. **SEALED FLAT PACKETS**—In sealed flat colored lithographic **PACKETS**, in ounces and fractions of ounces, as in the past.
2. **SEALED CARDBOARD PACKAGES**—In sealed colored lithographic **CARDBOARD BOXES**, of 1-4, 1-2 and 1-pound quantities of Small Seeds, and of 1-3 pint and 1-pint packages of Peas, Beans and Corn.

Merchants are asked to pay special attention to our square **CARDBOARD SEALED PACKAGES**, as they are a guarantee against wastage, mixture and a saving of much trouble, as compared with handling loose Seeds, that is, Seeds in bulk. These packages are very handy, make a fine display and sell themselves.

3. **SEALED BULK**—All Bulk, large or small, will be issued in cloth bags fastened with flat lead seals bearing the impression of a bell on one side and an inscription on the other of D. L. S. Co.

# Landreths' Steel Case and 1000 Flat Packets of Seeds Both for \$20.<sup>00</sup>

THESE 1000 PACKETS OF SEED RETAILING AT \$50

This illustration of Landreths' Counter Seed Case is of one made of lithographic steel, very handsomely grained. The capacity of the 40 pockets is 1,000 Seed Packets, costing at wholesale \$20, the familiar Landreth Rooster Show Card serving all the time as an attractive invitation to purchase. The case is so constructed that each packet is so placed as to show its name and picture whether the packets be full or not. Altogether, the case is a decided improvement upon any Seed case ever issued.

Sales on outright plan only.

The packets, wholesaled at 2 cents each, retail for 5 cents each, or \$50 per thousand, thus affording a profit to the merchant of 150 per cent. over cost. This case is the property of the D. Landreth Seed Company, but we supply a new case every three years, if necessary.

The lithographic packets are colored true to nature and are all from photographs taken on this farm—not pictures conceived in the brain of an artist.

The contents of all these Cases are made up by us after the personal selection of the Merchant, consequently only those Varieties which are marked with a star, ★, are found in the Cases and, therefore, every packet can be sold.

## Landreths' White Cardboard Case for 500 Packets at \$10.<sup>00</sup>

RETAILING AT \$25

Observe this Case sells at \$25, showing a profit of 150 per cent.

**NOTICE**—For any of these Landreth Cases of Garden Seeds the purchaser can make his own selection of Varieties suitable to his special soil and climate or to the fancy of his neighbors.

### LANDRETHS' REPUTATION

is an enviable one as respects the choice quality of Seeds sold, **SEEDS WHICH SUCCEED**—always the best—a reputation acquired and held for one hundred and thirty-three years as a consequence of fair trading over that long period. Certainly,

in the history of any commercial business it is most remarkable to have retained the confidence of the public for one hundred and thirty-three years. This in itself proves—

That the Landreths are reliable as to accuracy to name and description of the varieties of Seeds they sell.

# Landreths' Mouse-proof Seed Cases for Small Seeds in BULK

THESE CASES ARE SOLD EMPTY.

Drawers made of Steel with Oak Fronts. Mice and Rat Proof.

These cases are in every respect suitable for placing in the hands of the most Drug Stores; in fact, every storekeeper should have one or more, for they will be found the most perfect cases of the kind ever put on sale.

## Landreths' No. 1 Seed Case

Containing 38 Steel Dust-proof Drawers, holding one, two and four quarts of seeds. Each drawer has a bronzed Pull and Card Clip. Has steel back, keeps seeds clean and free from Mice and Insects.

Size, 25½ wide, 41 high, 11 deep. Size of Drawers, 3 x 3 x 10; 4 x 4 x 10; 6 x 6 x 10.

Solid Oak exposure, Golden Oak stain, flat finish. Weight, 125 pounds.

Price, No. 1 with 38 Drawers 10 inches long, \$17.00 Net

Similar Seed Cases made of a larger size are offered. Descriptions and prices on application.

## Flat Packets of Seeds

### ADVANTAGE OF PURCHASING LANDRETHS' FLAT PACKETS ON THE OUTRIGHT PLAN

Landreths' Packets of Seeds contain as much seed as those sent out by any Seedsman and more than nine-tenths of the contents of the packets of other seed houses. They are very handsomely lithographed.

They are put up the same year they are issued, so always contain new Seed. Landreths do not send out Seeds on commission, thus have no old packets to send out year after year until sold, as is the case with commission Seed packets.

In buying Landreths' Packets the Merchant selects the varieties which sell in his particular locality and the number of packets he thinks he will require of each kind—no unsalable stock; and this personal selection enables him to sell out nearly his entire purchase of Seeds, but in commission boxes all are of the same cast-iron assortment, whether suited to the locality or not.

## MERCHANTS

Cannot make a more profitable purchase than to lay in a  
stock of Landreths' Garden Seeds

# SEEDS CANNOT BE MADE BY MACHINERY

The quantity sold cannot be one pound more than was harvested and carried over. If the whole country's demand for a Seed is 100,000 pounds, and none was carried over, and only 25,000 pounds was saved, it necessarily follows that only 25 per cent. can be supplied on the orders to Merchants.

Every other commercial commodity can be factory made, but not

## SEEDS

---

### Merchants When Selling Landreths' Seeds

will find they can be sold with half the effort required to sell Seeds issued by other seed houses, as the Landreths have back of them 133 years of enviable reputation, which they make every effort to sustain.

### The Seeds are always clean, vital, and true to name

If you have not previously bought Landreths' Seeds, order *to-day*. Certainly, you will not be getting into a hole by adding them to your stock of merchandise, because Landreths' Seeds are *good sellers, good money makers, and good stayers* in every community where offered.

Landreths' Seeds have been before the American public for 133 years, and that cannot be said of any other brand of Seeds in America.

Washington used Landreths' Seeds at Mt. Vernon.

Jefferson used Landreths' Seeds at Monticello.

# QUALITY

The subject of **QUALITY** is before the Landreths all the time, and we intend to keep it a  
**LIVING ISSUE**

**QUALITY** refers to **PURITY** of **BREED**

There is another **LANDRETH CONDITION**, that is as to Mechanical **CLEANLINESS** of Seed

The last is important, but OH! how insignificant as compared with  
**PURITY of BREED**

The Landreths endeavor to maintain a standard of highest quality

## Landreths' Flat Packets

We sell our colored lithographic Flat Packets on the Outright Plan at the wholesale price of two cents each, which is \$20 per thousand. These Seed Packets retail at 5 cents each, or \$50 per thousand, affording the Merchant a net profit of 150 per cent. clear over his expenditure.

The number of varieties of Seeds put up in Flat Packets comprise about 175 sorts—less than half the number of varieties offered in bulk, those selected varieties put up in Flat Packets being the sorts most generally used, being indicated on the Price List by a **STAR (★)** opposite each variety. Seeds not so marked with a **STAR (★)** are not put up in flat packets. On an order of 500 packets we furnish a durable, white enameled cardboard Case, and with an order for 1,000 packets we furnish a fine steel Seed Display Cabinet free of cost, but which Cabinet is the property of the D. Landreth Seed Company, and is good for three years or more. See page 5.

Peas, Beans and Corn we do not sell in flat lithographic packets, but only in bulk or in square cardboard packages with colored lithographic labels.

All these packages are very convenient to handle, much more convenient than Peas, Beans and Corn in bulk, and make a fine showing on the counter or shelves.

**SEEDS WHICH SUCCEED** If this were not so, the business would have drifted away instead of being, as now, in the hands of the fourth generation of Landreths, who are doing an increased business each year and who supply Landreths' Seeds to the fourth generation of customers, as among the list of regular customers, some wholesale, some retail, is a long line of customers—continuous buyers for over one hundred years; one family continuous buyers for over 129 years. The people buy Landreths' Seeds because of their reliability.

**ORIGINAL OR FILL-IN ORDERS** Look over your stock of Seeds and find out of what varieties you are short and to what extent on each and send us your order. Do not wait for the eleventh hour, for many Seeds are advancing because of short supplies. As you run short of Seeds write to us in advance of your wants, but if you want them in a great hurry telegraph a night letter, by which you can send 50 words at same price as a 10-word day message.

We will pay at our end the cost of a **night** message, providing the order is for Ten Dollars' worth (\$10) of Fine Seeds or two hundred pounds or over of Peas, Beans or Corn. We will get off all telegraphic orders the day received.

# Centnal System, with Equivalent Bushel Quotations

For the convenience of the Landreth customers is given below a table that enables any one to find a near equivalent of pound prices of Beans, Corn and Peas by the bushel.

The Landreths believe, however, that it will be found better to disregard dry measure and reckon only in terms of weight on all seeds.

**SWEET CORN—45 LBS. PER BU.      WRINKLED PEAS AND FIELD CORN—56 LBS. PER BU.**

**BEANS AND SMOOTH PEAS—60 LBS. PER BU.**

Weights of measured bushels, especially Corn, vary somewhat.

# WHOLESALE PRICE LIST

## SPRING, 1917

SMALL SEEDS are priced in 10 lbs. and over and under 10 lbs.

PEAS, BEANS, and CORN, when in stock, are priced by the 100 pounds.

A STAR, ★, indicates put up in Flat Packets. Those WITHOUT a STAR are NOT put up in flat packets.

A few Beans and some Sugar Corn are offered by us consequent upon early autumn orders being, after January 1, held up for cash before shipment and also upon some purchases at very high prices made in the past few weeks, but the number of varieties and the number of bushels are very limited.

## Some Rare Testimonials

FROM JAMES JACKSON MANNING SMITH, A. D. C., TEXAS DIVISION,  
UNITED CONFEDERATE VETERANS:

Charles Jones, of Frederick, Maryland, my maternal grandfather, a soldier under General Washington, 1788-92, was employed by the founders of your famous Seed House in their Seed Grounds for the three years 1788-89-90. He bought and planted Landreths' Garden Seeds, and just so all his descendants, until now the fifth generation from him are to-day your customers—a continuous connection of One Hundred and Twenty-two (122) Years.

FROM J. H. PRESSLEY, TEXAS:

My family have been purchasers and planters of Landreths' Seeds for five generations, or since 1790—120 years; first in South Carolina, afterwards in Alabama, Mississippi, and now in Texas.

FROM E. L. LEADBEATER & SONS, ALEXANDRIA, Va.:

We herewith place our Seed order for the year 1910, a continuance of One Hundred and Eighteen (118) Years of unbroken business intercourse, or since 1792, which is an unmistakable record of the excellence of Landreths' Seeds, and an almost unprecedented example of long-extended commercial intercourse.

FROM S. W. HEINTSH, LANCASTER, PA.:

My predecessors in 1795 bought Landreths' Seeds for sale. Since then, a period of One Hundred and Twenty-one (121) Years, they have been continuously in a Retail and Wholesale way sold over my counter. Not a bad record for either of us.

## Buy Landreth's Seeds, both Vegetable and Flower

The Landreth's are not Seed Merchants alone, but Seed Growers on a most extensive scale.

Bloomdale Farms are well worth a visit by any Merchant selling Seeds, for there as much general information can be acquired in an hour as by reading all the catalogues in the country.

Come, see what we have to show, and then judge for yourself.

The garden or front or back yard can be beautified and made doubly interesting for eight months of the year by interspersing throughout its length and breadth, or on its borders or its corners, various forms and colors of Ornamental Flowers—such as,

Asters,	Nasturtiums,	Sweet Peas,	Zinnia,
Snapdragon,	Larkspur,	Pansies,	Ladyslipper,
Cosmos,	Mignonette,	Portulaca,	Sage, Scarlet,
Pinks,	Petunia,	Phlox,	Eschscholtzia,
Hollyhocks,	Gaillardia,	Verbena,	Morning-glory.
Marigold,			

All the above are sorts which the public verdict for years has stamped as sorts always well worthy the attention of the amateur gardener. Prices do not indicate qualities. Qualities can only be assured by actual test in the garden.

We invite you to order an assortment of Landreths' Ornamental Flower Seeds. You can rest assured none are better.

We have customers for our Seeds of 125 years' continuous purchase by the same family. No commercial firm in the United States can equal this record.

**Nasturtiums**—Sow in nursery bed when the Apple is in bloom. Transplant when two inches high.

These flowers require next to no care and thrive best in rather poor soil, enduring heat and dry weather remarkably well. No flower is as desirable for table decoration. No more trouble to grow Nasturtiums than to grow Lettuce or Peas or Beans. They bloom from early summer until killed by frost.

One Ounce sows 30 feet of single row. Wholesale, 15c. ounce.

See next page.

Tall Mixed, 60c. pound.

**Landreths' Sweet Peas**—Sow in permanent location, in single row, two seeds to the inch, half-ounce of seeds to every yard of row; cover one inch deep.

Sweet Peas can be grown as easily as the common garden Peas. Do best when trained to trestles made of string or wire. They should be thinned out about one inch apart in rows, and if in parallel rows the rows should be four (4) feet apart.
